

## FEATURED PROJECT

### PROJECT INFORMATION

- INTERIOR ARCHITECTURE: Studio DiBerardino, LLC
- CONTRACTOR: Rick Sillo Construction
- LOCATION: New Canaan, CT
- DESCRIPTION: Custom woodwork throughout the residence including: mouldings, wainscot paneling, mantels, and built-in cabinetry

Decorative custom cast plaster cove moulding, ceiling ring, and center medallion in dining room

We are excited to announce our new Studio DiBerardino profile on the Houzz site!

With new photos added to our site regularly, visit us to take a look at our projects and get inspired for renovations, alterations or updates to your own home.

## ON THE JOB

Nearing completion in Westport, CT, altered rooflines, new features and reorganized room layouts have transformed a '70's contemporary style structure into a unified Shingle Style home.

Fieldstone, cedar shingle siding and copper materials collectively anchor the residence to the wooded site.
